Retail trade continues wonderfully good, and reports from all parts of the district are very encouraging. The demand for the better class of merright places in the reviving industries of peace times. Appropriations made by Congress to pay the Federal government's proportion of state road-building projects now aggregate \$48,500,000, and an additional \$200,000,000 probably will be available in the next three years.

Nearly 800 road projects have been approved in various states and \$21,000,000 is now available for states

Retail trade continues wonderfully good, and reports from all parts of the district are very encouraging. The demand for the better class of merchandise is noticeable and an excellent business for the balance of the year is anticipated. Collections have been good, as the buying public seem to have been educated to pay for their bills more promptly.—Federal Reserve 000,000 is now available for states

Early trading was affected by prices at Liverpool, where the market was down 18 to 35 points. Another factor was the reports of prominent cotton houses estimating the reduction in cotton acreage at not more than 12 to 15 foreign demand exists.

New York: Close Corpor, No. 2 yellow.81.74%

In the workly weather and others had about 80,000,000 bushels of wheat which they were holding for higher prices. There is no real scarcity of grain, it was said, and no reason why the prices of grain and flour should be mounting to represent the search of grain and flour should be mounting to represent the previous closing. There is no real scarcity of grain, it was said, and no reason why the prices of grain and flour should be mounting to represent the search of the day, and closed with prices of the day, and closed that millers and others had about 80,000,000 bushels of wheat which they were holding for higher prices. There is no real scarcity of grain, it was said, and no reason why the prices of grain

ton acreage at not more than 12 to 15 per cent.

The weekly weather report, as had been expected, was unfavorable. It said that germination and growth of cotton had been slow in most sections, owing to cool weather and lack of moisture. Rapid progress was made in planting and replanting. Frost damaged early cotton in the Carolinas. Early planted cotton showed improvement in Texas and conditions were better in Louisiana and Arkansas. and Arkansas.

Advancing prices and active demand continue to be reported from the goods markets.
